## Summary

---

With a civil engineering background from Contemporary Amperex Technology Co., Limited and CEOS LTD, I specialize in on-site engineering, BIM implementation, and structural design. Currently pursuing a Master's in Management and working part-time as a Construction Project Milestone Controller at Oculai GmbH, I am dedicated to driving success and innovation in the management and construction industries.

## Practical Experience

---

### *Oculai GmbH, Munich, Germany (Student Worker)*

#### Construction Intelligence (Projects Milestone Controller)

03/2024–Present

- Support project execution and continuous improvement in AI through industry knowledge.
- Engage in customer projects to ensure successful implementation and quality assurance.
- Evaluate construction process data to create case studies and optimize operations.

### *Contemporary Amperex Technology Co., Limited (CATL), Debrecen, Hungary*

#### On-Site Civil Engineer

06/2023 – 03/2024

- Reviewed construction drawings and evaluated designs and supplier qualifications for project accuracy and optimization.
- Applied technical expertise in troubleshooting, quality assessments, and site supervision to maintain project standards.
- Oversaw project timelines, and compliance with safety regulations, and facilitated review and approval of engineering documents.
- Led project acceptance processes, coordinated handovers, and contributed to quality and safety incident investigations.

### *CEOS (CIVIL ENGINEERING OPTIMAL SOLUTIONS) LTD, Budapest, Hungary*

#### Structural Design Engineer - BIM Engineer

12/2022 – 06/2023

- Collaborated with the project team to implement BIM practices, enhancing project efficiency and collaboration.
- Utilized software like Autodesk Revit, AutoCAD, and Tekla Structures for accurate structural design and 3D model management.
- Designed and analyzed steel and reinforced concrete structures, conducting clash detection to resolve design conflicts.
- Prepared detailed formwork and reinforcement plans, contributing to successful construction project execution.

### *ARC-S GROUP, Budapest, Hungary*

#### General Architecture and Structure Design Internship

01/2022 – 09/2022

- Gained hands-on experience in architectural and structural design using Autodesk Revit, Navisworks, and AutoCAD.
- Contributed to commercial and residential projects, collaborating with architects and engineers to refine construction documents.
- Demonstrated strong work ethic, attention to detail, and effective teamwork.

### *INNIO Group Budapest, Hungary (Student work)*

#### Contract Management Analyst

08/2021 – 12/2021

- Managed complex contracts with hands-on experience in administration, project management, and client communication.
- Handled customer orders & returns for MSA, CSA, CM&U, warranty, and maintenance transactions for reciprocating engine spare parts.
- Collected contract data and entered it into the main database (Oracle).

## Education

---

### *Technical University of Munich - School of Management, Munich, Germany*

#### M.Sc. Management

11/2023 – Present

- Asset management, entrepreneurship, financial accounting, principles of economics, cost accounting, strategic and international management, production management, marketing, and German as a foreign language.

#### *Deutschkurse bei der Universität*

#### German Language Course

09/2024 – Present

- Currently at A1 level in German, aiming to achieve B1 proficiency by the end of the year.

#### *Budapest University of Technology and Economics*

#### B.Sc. Civil Engineering

08/2017 – 08/2022

- Structural Analysis I and II, Reinforced Concrete Structures, Construction Management, Steel and Composite Structures, Steel Buildings, Bridges and Infrastructures, Tunnel and Roads, Technical Internship.

## Technical Skills

---

#### Digital skills

- AxisVM X5, FEM Analysis, MATLAB, Tekla Structures, CsJoint 13, Consteel, Autodesk AutoCAD, Autodesk Revit, Allplan-Nemetschek, IDEA StatiCa, Rhino + Grasshopper, GIS, Navisworks, SAP, Microsoft Word, PowerPoint, Power BI, and Excel.

## Languages

---

- Urdu (Native), English (C2), German (A1.1), Punjabi (B2), Arabic (A1)

## Interests

---

Reading Books, Squash, Travelling, Gym.

Collected contract data and entered it into the main database (Oracle).

## Place/Date

---

Munich/September 2, 2024

## Signature

*Naveed Khan*
